

EVENT NAME: IDEATHON

RULES & GUIDELINES

EVENT DESCRIPTION:

Ideathon is a technical brainstorming event where students are expected to come out with fresh and innovative solutions to existing challenges in the society. The ideas should be novel and helpful for the common public.

ENVIRONMENT:

This event consists of 2 rounds.

Round 1: The participants should brief about their problem statement and present their ideas in front of the judges.

Round 2: The selected teams should do a presentation based on their idea. **Participants will be given extra points if they present along with the prototype.**

RULES/GUIDELINES:

- A Team can have maximum of **4** students.
- Registration form along with a brief abstract must be completely filled without any false information.
- Participants should present their ideas with a ppt and a prototype.
- Maximum time given per team is **10 minutes**.
- Judging will be based on innovativeness and feasibility of the presented idea.
- Copying of idea is strictly **prohibited**.
